Company Highlights & News Updates

It's starting to get cold!

The cold weather has definitely kicked in, we have even had a couple of frosty mornings here. At this time of year, our workshop tends to get busy and this year is no different. If you have a machine you are looking to repair or get in for a service, the earlier you get it in, the quicker you will get it back!

Welcome Polaris!

You may have seen on our social channels that we have announced that we are expanding our range of ATVs and UTVs and are now official Polaris dealers.

This means you can now purchase New Polaris vehicles, and source parts, and our expert mechanics can assist in servicing and repair.

It also means we have a range of offers available throughout December! So don't miss out!

IT'S TIME.

YOUR ROBOTIC MOWER HAS WORKED
HARD ALL YEAR.

Annual Servicing is important for any machine, particularly ones that have been used a lot throughout the year such as a robotic mower. Make sure to get your machine in for a service early to avoid the rush!
